

Catnip Newspaper Treat Balls

Species Approved for: Cats

Enrichment Type: Food and Scent

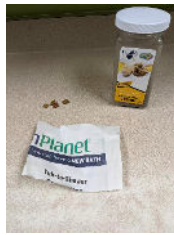

Things to Consider: Make sure the treats are within your cat's diet. For instance, use Grain-Free treats if they are on a Grain-Free diet or soft treats if they have difficulty with hard food. If they can't have treats, you can always make catnip balls with no treats in them.

Supplies Needed:

1. Newspaper
2. Catnip
3. Treats

Instructions:

1. Lay out supplies and make four squares out of one sheet of newspaper.

2. Use a pinch of catnip and about four treats in the middle of the newspaper square. Then crumple it up to make a ball.
