

Getting Started with a Supply Drive for the Elmbrook Humane Society

You decided to host a supply drive for the Elmbrook Humane Society. Thank you! Now what?

1. Pick your drive dates. Pick a time a month or more out so you have time to plan. Plan to collect items for 3–5 days.
2. Pick your collection locations. Good collection locations are near you and places where people gather. The collection locations should be places where someone can pick up the donations. You don't want to go out of your way.
3. Pick what items you will be collecting. The Elmbrook Humane Society has a wish list at <https://ebhs.org/wish-list/>. You can collect general items or special items. Alternatively, you can choose a theme and collect a specific type or category of item or items with a particular seasonal purpose or need (e.g., a beach party picnic drive, a holiday gift drive, etc.). Make sure to communicate what items are NOT needed as well.
4. Now that you have the when, where, and what, use the flyers to promote your drive. Fill in the blanks with your information. Make sure to start spreading the word at least a week before you start collecting.
5. Decorate collection boxes to place at your collection sites. You can use old shipping boxes or ask families to save them before your drive. Clip art is provided with the drive materials to get you started. Use it by printing it out, cutting it out, coloring it, and sticking it to a box.

6. Use extra promotion materials, like bookmarks and announcements, to spread the word even further.

7. When the drive is over, contact the Elmbrook Humane Society to schedule a time to drop off the items.

8. Celebrate and congratulate your contributors!

Donate to the Elmbrook Humane Society

Small Animals

- Food plain pellets
- Timothy hay
- Wild bird seed
- Chew sticks

Medical

- Small paper food trays
